**Terms:** All parts ordered are not guaranteed by VF Engineering to be in stock at time of order. Parts that are in stock have a processing time of 2-5 business days from date of order submission. Parts that are not in stock will be cancelled from the order and an ETA on replenishment will be given to the customer. VF does not back order spare parts or contact customers when spare parts arrive. Customers are responsible for contacting VF for information regarding their orders. All spare part sales are final and non-refundable. By submitting this order form you agree to the above terms and conditions.
